The old wives' tale that eating chocolate causes acne. Though some studies have proven there to be a link between increased chocolate consumption and breakouts, most experts believe that this relationship only exists because of the ingredients in the chocolate—like sugar and dairy—and not the chocolate itself.

The first line of Charles Dickens's 1859 novel A Tale of Two Cities is quoted often. Or at least the first part is (it's a very long sentence). But what does it actually mean? Join me as I put on my official "I was an English major" T-shirt and get down to some close analysis of the iconic A Tale of Two Cities first line.. First, a refresher on what this first paragraph actually says:
